If asked can you say it was not brought to the group for a vote? I think that's more accurate since a vote was never called for a bong the four.

Thanks. Worked it out. The rest of the group wanted to send a letter so we did, but if asked I will indicated that Diana did not cast a support vote.

Good morning!

We have not taken a position on the bill. It might be worth all 4 having a conversation?

Venus,

Have you guys taken a position on AB2452, the Racial Justice Act? The other 3 DAs are all supporting and I think a letter from the Alliance would be extremely helpful to the Governor in deciding whether or not to sign.

BTW, this is my new email.
