Hi Gwynn,

I have a defense attorney who is asking us to provide her with stats concerning how many African Americans we have charged with robbery, how many robberies we have charged total, how many gun charges, etc. .

I wanted to check in with you. Do we have the ability using PBK to review all filings since 2019 to determine such statistics. We will likely get a lot more of these requests since AB 2542 is going to be law. I am not going to provide to her at this time but I wanted to check in with you regarding whether we have the physical capabilities to do so. Please let me know. I attached the defense attorneys request so you can see what I am referring to.

Thanks
