Kevin,

Thanks for the reply. I'm aware of Mr. Ashe's request. We neither join it nor support it. I do have further thoughts that might help settle this case and would love to have five minutes or so to discuss it with Chris and you.

Colin-

I appreciate your eagerness to discuss this matter. As you may know, your co-counsel has requested (what I believe to be) completely irrelevant data under the Racial Justice Act. It's my understanding that he intends to file a formal Motion to Compel the data.

So at this juncture, I'm not sure how helpful a conversation will be. But I'm open to your thoughts.

Chris and Kevin,

Good morning. Is there a convenient time when it would be convenient for us to have a conference call to discuss this matter?
