Hi team:

I spoke with this student reporter earlier this afternoon to clarify her requests below – I notified her we would treat this as a PRA.

Thanks,

Scott

Subject: Davis Vanguard Article Research - 2020 Racial Justice Act

Dear Ms. Becton & Mr. Alonso

My name is Kelly Moran and I am currently researching an article for the [Davis Vanguard](#) covering how district attorneys are handling the 2020 Racial Justice Act. My team of interns and I expect the article will cover changes in policy, philosophy, training, etc. made with respect to this new law. Our goal is to highlight the ways DA offices have adapted and show our readers some of the tangible impacts of this new law.

I am hoping to take a look at any and all materials or communications or statements your office has about the implementation of the new law and how it has impacted cases or is expected to impact future cases. I understand it can take a while to get these records so I'd be happy to speak over the phone if that would help the process along.

I'd also love to talk with someone from the DA's Office on this matter if either of you have time for a short phone call or Zoom meeting.

Best,
Kelly Moran
