All,

Horowitz and his co-counsel have filed a Motion for Relief under the Racial Justice Act. They've calendared it for Day 1 of the jury trial in this 4-defendant misdemeanor PC 148/71 etc case (which is 5/17). I've discussed it briefly with Ryan and Dan. Yesterday, I filed a Motion to Quash with respect to the records that Horowitz sent an SDT over to us (SDT's apply to discovery from third-parties).

There is rather strong, inflammatory language in the brief about our office and the filing. I've attached the motion and the records that he requested per the SDT.

Just wanted you to be aware as our office begins to receive these types of motions.

Venus, when you have a moment, please call me.

Thank you,

Nancy
