All,

Attorney Daniel Horowitz and his co-counsel have filed a Motion for Relief under the Racial Justice Act in a four-defendant misdemeanor case involving charges of PC 148, 69, 594, and 71. (Docket # 02-334157-5). Thought that you should be aware as our office begins to receive these types of motions The motion has been calendared it for Day 1 of the jury trial in this 4-defendant misdemeanor PC 148/71 etc case (JT is 5/17). I've discussed it briefly with Dan and with Ryan Wagner. Yesterday, I filed a Motion to Quash with respect to the records that Horowitz sent an SDT over to us. I am working on my response to the Motion now.

There is rather strong, inflammatory language in the brief about our office and the filing. I've attached the motion and the records that he requested per the SDT.

Venus, when you have a moment, I'd like to chat.

Thank you,

Nancy
