Dear Counsel,

The Court does not give approval for Mr. Kuluk's motions under the Racial Justice Act, submitted to the Clerk's office today, to be heard on 6/18/21 with the Readiness Conference. The Court proposes a date for these motions be set, based on the Court's availability, either 8/13/21, 9/03/21 or 9/10/21, all at 1:30pm. If Counsel can please select a mutually agreeable date, the Department will go ahead and calendar it.

In response to Mr. DeFerrari's email regarding his availability on 6/18/21, Counsel are more than welcome to attend the hearing via Zoom. Anyone who would like to appear via Zoom is welcome to do so. The Court will send you the link prior to the hearing date. If Mr. DeFerrari is not available remotely, the Court would have to continue the 6/18/21 hearing to 7/09/21 at 1:30pm.

The 7/23/21 Motion & Remittitur hearing is set at 1:30pm instead of 10:30am.

Hello Madame Clerk, Counsel,

I will not be in the area on June 18, 2021, for our planned Readiness Conference in this matter.

My hope is that we can either conduct the RC over email or push it to 6/21/2021 or almost any time that week as I will be available.

Currently, my understanding is we have the OSC hearing date set in this matter for 7/23/21 at 10:30am. The People will be ready to proceed on that date and time.

Sincerely,

Good afternoon. I am just following up on my email below from last Wednesday and looking for thoughts/comments for scheduling purposes.

I am still attempting to secure the autopsy photographs so I can have a forensic pathologist review Dr. Ogan's testimony. Mr. DeFerrari was kind enough to provide me with the autopsy report.

Best regards,

Good morning Lynwen:

My apologies for not responding earlier but I was not copied on the April 7th email where the Court was inquiring about the June 18th court date and asked if any attorney intends to put on evidence (witnesses or new documents, etc.).

As I was not trial counsel for Mr. Jackson, I have had to start from square one in this process. One of the items I was missing when I received the trial file from Mr. Jackson's prior counsel was the autopsy report and accompanying photos. The government has been helpful in helping me secure these items and I now have the autopsy report but still need the photographs.

I am requesting funding from the county to secure a forensic pathologist to review the testimony of Dr. Ikechi Ogan, the reports and accompanying photographs and provide expert testimony at the hearing for resentencing pursuant to Penal Code section 1170.95. In light of this, I would be in agreement with the Court's recommendation that the June 18th court date be converted to a Readiness Conference and discussion regarding the proposed new evidence.

Lastly, while I have also been appointed to assist Mr. Jackson in drafting and arguing a SB 620 motion regarding the gun enhancements, I was under the impression that the June 18th hearing would only be for the PC 1170.95 resentencing petitions filed by both Mr. Jackson and Mr. Bryant. If the Court, out of judicial economy and potential COVID 19 transportation issues of Mr. Bryant (who previously requested to appear in-person) would like to have both matters heard at the same time, I would likely not be able to get my pleadings on file in time for the June 18th date. From Mr. Jackson's perspective, this would be another reason to convert the June 18th date to a readiness.

Best regards,

Matt O'Connor

From the People's perspective, I believe the documentary evidence [photos/diagrams] will be helpful and request that they be available for the hearing.

I do not need the actual guns or casings brought to court. Nor do I need any CD/DVDs.

The photos/documents/diagrams should be easy to gather, and include:

Peoples 1 – 19

Peoples 22 – 34

Peoples 39-58

Peoples 60 – 92

People's 94

People's 96 – 108

Peoples 113 – 117

People 119 – 170

People 192 – 197

Please have those exhibits returned to court.

Of particular help may be exhibit 142, which is a diagram depicting where each bullet entered the body and the path the bullets took.

Good morning Counsel:

The Court confirms it has the Bryant/Jackson trial exhibits in off-site storage, with the exception of some exhibits we have receipt of return for. The Court requests Counsel review the attached trial exhibit list and let the Court know as soon as possible which exhibits they would like to have available on 6/18/21. Return receipts for certain exhibits are attached at the end of the list. The Court will need to arrange ahead of time for delivery of exhibits from the off-site facility.

Mrs. Royet,

The People do not intent to call any additional witnesses or put on any new evidence, but instead will rely on the record presented at trial.

The court should already have the transcripts from the trial.

If the court does not have the trial exhibits, feel free to point me in the right direction and we will track them down.

Assuming the exhibits will be available, the People will be prepared to proceed on June 18<sup>th</sup>.

Counsel:

The court set the June 18 date for argument and submission on the remand regarding the gun enhancements from the 1<sup>st</sup> DCA as well as the sentencing petition. If any attorney intends to put on evidence (witnesses or new documents, etc.), please inform all counsel and we will convert the date to a Readiness Conference and discussion regarding the proposed new evidence. Otherwise, if counsel are comfortable with proceeding on the record and argument, the court is prepared to do so on June 18 at 1:30.

The Court is checking to see if we have the trial exhibits in storage.

Thanks or letting us know.

I assumed the court still had the trial exhibits.

Would you happen to know who I contact to track those down?

And just to clarify, our system shows the 6/18 date as an RC.

Does the court intend to still proceed with the hearing on 6/18?

Aron,

The court is asking to put this hearing over to June [see email thread below]. Please advise them of your availability.

In addition, Mr. Kuluk has offered scan the photographic trial exhibits for purposes of the record.

It was my impression that the court still had all the exhibits in their possession, which I requested be part of the record of conviction, but it appears I may have been mistaken in that assumption.

Anthony,

Please reach out to the victim's mother on this case determine her availability for any potential future hearing date.

Mr. Kuluk:

Thank you for your kind offer to scan the photographic evidence for the Appellate Court. At this time, a Court employee who has been involved in assisting the Judge on this case has unexpectedly had to take leave due to a serious family emergency on the east coast. Rather than trying to determine whether this photographic evidence has previously been scanned (or otherwise memorialized), the Court is wondering if all counsel would be willing to postpone the argument until June? As soon as the Court employee returns, we would be able to review the Court's files and determine if we need to scan the photographs.

How would June 11 or June 18 at 1:30pm work for you and the other counsel? Thank you for your consideration of this request.

I have prepared a USB flash drive with the 11 volumes of trial transcript that I can provide to you to lodge as an exhibit whenever is convenient. However, I reached out the appellate attorney for Mr. Bryant, and he informed me that he does not possess scans of all the photographic evidence, and he believes those exhibits remain in the Court's possession. I am happy to come pick up the photos from you and scan them onto a flash drive. Please let me know when and how to go about this.
