Good Morning Everyone,

This email is to follow up on the initial discussion to start a [California Racial Justice Act](#) (CRJA) working group. The purpose of this group would be to share resources and information, identify issues and trends with implementation, and to exchange ideas and best practices to comply with CRJA. Please let me know your preference and availability for a 45 min meeting next week using this [doodle poll](#) .

Best,  
Alana
