***** EXTERNAL MESSAGE *****

Hello Ms. Leonida,

I am writing in further response to your February 10, 2022 CPRA request on behalf of the ACLU. During our phone call on February 22, I pointed you to the annual Race and Prosecutions reports prepared by the County of Santa Clara District Attorney's Office (which are available [here](#)). You indicated that you would take the reports to the ACLU and see whether they satisfy the ACLU's CPRA request. Is there any update on that front? I'm happy to discuss further over the phone if you like, so please let me know if you'd like to schedule a call to discuss.

Thank you,
Grace

Hello Ms. Leonida,

It was a pleasure speaking with you this morning regarding your February 10, 2022 CPRA request, which sought records from the Santa Clara County District Attorney's Office ("DA's Office") related to case, individual, and charging-level data for all cases handled by the DA's Office between 2015 and the present. During our call, I directed you to the Race and Prosecution reports prepared annually by the DA's Office, and you informed me you would consult with the ACLU about whether those reports might satisfy this CPRA request. Additionally, as we discussed, I will be consulting with the DA's Office regarding whether there are any responsive, non-exempt records in the possession of the DA's Office that are not reflected in the Race and Prosecution reports.

Regarding the deadline for CPRA response, pursuant to Gov. Code 6253(c)(2-3), the County is extending its response deadline by 14 days. The County will provide a response on or before March 8, 2022.

Thank you,

Hello Ms. Leonida,

I write in response to your February 10, 2022 CPRA request, which sought records from the Santa Clara County District Attorney's Office ("DA's Office") related to case, individual, and charging-level data for all cases handled by the DA's Office between 2015 and the present. I am hoping the two of us can connect by phone to discuss your request. Is there a time tomorrow (2/18) or Tuesday (2/22) that would work for you for a phone call?

Sincerely,
