While discussing the data results with the LADA Systems Division, a question has arisen as to the request in Item #9 and whether the reported data is continually updated during the pendency of a case or if it is only captured at the time of filing. Considering that some of the data in the LADA Prosecutors Information Management System (PIMS) is imported from other agencies, the Systems team will need additional time to verify this information and produce the data set.

The LADA will respond on or before April 4, 2022.

Very truly yours,

GEORGE GASCÓN
District Attorney
