Hello,

Thank you for your August 4th letter. We would like the request to remain open until the project is finished. To compensate for the extended delay, we ask that you send us the data you have compiled so far. You may include any disclaimer you wish, but we want to make sure we receive as much data as possible.

Please also let us know when you estimate the project to be completed. We may ask for interim data again if the project continues to be delayed.

Thank you for your assistance with our request.

Regards,

Joshua Wilner
