***** EXTERNAL MESSAGE *****

Hi Joshua,

I contacted the IT Department regarding the RJA communication in the July request and they informed me that they will process the request later today and get back to me with an update of the estimates of responsive records. Once I obtain an update, I will inform you.

I also contacted the DA's Office regarding the native data format for the September request. They informed me that the reports they generate are designed for and typically are in a PDF format. When they attempted to download an Excel spreadsheet it was unusable. So the PDF format provided is the native format.

However, they also informed me that the juvenile and adult records are currently stored in the same database. Therefore, some of the information produced is confidential information pursuant to Welfare and Institutions Code Section 827.9. Additionally, pursuant to **Ardon v. City of Los Angeles, 62 Cal. 4th 1176, 1180**, an inadvertent disclosure does not waive the privilege of exempt records. As such I respectfully request that you destroy the records provided and I will provide records redacting all information pertaining to juvenile records.

Thank you.
Yevgeniy

Hi Josh,

Yes. In the response letter the information from column two is from the DA's Office and would be the controlling factor as to whether the information is available/exists or not. Whereas the information in column three is from the County Counsel's Office as applied to the information in column one.

I will respond when I get more information regarding producing the information in its native format.

Best regards,
Yevgeniy

Hi Yevgeniy,

As an update to my previous email, I see you did provide the legal authority for your withholdings. For the data that is labelled "currently not tracked" and also has a legal exemption asserted, does this mean that even if an exemption did not apply the data would still be unavailable because it does not exist?

Please also let us know if the data can be produced in a native format.

Thanks, again, for your help with our request.

Thanks, Yevgeniy. We recieved the PDFs. I have two questions regarding the September request:

1. Could we have the data in a native format (Excel, for example)?
2. Was any requested data in your possession withheld and, if so, what was the legal basis for the withholding?

Thanks, again, for all your help.

Hi Yevgeniy,

Thanks, again, for your help with the requests. For the data, I just shared a Dropbox folder with you. Let me know if you did not receive access or cannot upload to the folder.

We are unable to sign in to the Nextrequest portal. Would it be possible to put the July 23 documents in the Dropbox folder as well? Feel free to call if you need any assistance.

***** EXTERNAL MESSAGE *****

Good morning Josh,

Thank you for taking the time last week to discuss outstanding records for the PRA requests. For the request regarding the data, could you please send me a file share link where we could upload the responsive records?

For the PRA from July 23, 2021, I entered it into our new PRA portal called NextRequest and included the PRA email address, so BraunHagey should be receiving information and updates pertaining to the July 2021 PRA at the praresponse@braunhagey.com email address.

Please let me know if you have any questions.
