---

Hi Michelle,

Thanks for a productive call this afternoon. I am writing to memorialize what we agreed to on the call. We appreciate your prompt attention to these requests, which are already nine months and sixteen months old, respectively. On the call, you agreed to speak with the DA's offices for Modoc and Sierra Counties.

For Modoc County, you will confirm with the DA that they have no responsive documents to any category of the July 2021 ("policy") request. You will provide a response in writing on Monday. You will also ask the DA to confirm in writing which subcategories of data responsive to the February 2022 ("data") request are tracked in Karpel. The DA will contact Karpel to find out if the data that is tracked can be produced on a spreadsheet by running a report. You will update us on this request on Monday.

For Sierra County, you will ask the DA to confirm in writing which subcategories of data responsive to the February 2022 ("data") request are tracked in their CMS system. The DA will find out if the data that is tracked can be produced on a spreadsheet by running a report. You will update us on this request on Monday.

You also mentioned that another attorney at Prentice Long is handling our requests to Tehama County. You agreed to put us in touch with him, so that we may resolve the same issues with the Tehama DA's office.

Let us know if you have any questions.

Regards,

Joshua Wilner
