**\*\*\* EXTERNAL MESSAGE \*\*\***

Dear Mr. Wilner,

I write in response to your November 30, 2022 email, which the County will treat as a request under the California Public Records Act. Can you please clarify which specific data elements you are seeking with respect to the charges listed in your email? For example, aggregate data could include the total number of people charged with each of these crimes over a certain time period, or the percentage of defendants charged with each crime who are of a certain gender or race, or other such aggregate/statistical figures. Once I know which aggregate data elements you are seeking, I will be able to consult with the DA's Office to determine whether those elements are tracked in a queryable format, whether any privileges or exemptions apply, and what the cost estimate will be for the data extraction/compilation pursuant to Government Code section 6253.9(b)(2).

Thank you, and please let me know if you have any questions.
