***** EXTERNAL MESSAGE *****

Good morning,

Here are my responses and some updates regarding the list of items you provided:

1. We have not received a link for the data responsive to the February 2022 request. You will send another request to reset our password and include us in that email exchange.
 - You were included in an email this morning and I have been advised that the results will be available today, after the upload is completed. The results have to be upload after the expiration of 7 days if they have not been accessed. I also requested a change in the username because that may have been creating an issue. The username is now ACLUNorthern instead of Ellen Leonida, which was the name used on the original account. KT
2. You are still producing training materials and hope to have this completed by the end of December.
 - Agreed. KT
3. You will ask about arranging a meeting between your IT staff and the discovery person at our office to discuss ways to remove duplicate results from the email search pursuant to the July 2021 request. I will follow up about this on Friday (12/9) if we have not heard from you by then.
 - I have been provided preliminary information about our System team's ability to de-duplicate records and will be obtaining more information. I will keep you updated to determine whether a call is needed. KT
4. You and I scheduled a phone meeting on Tuesday, December 20 at 11am to discuss any outstanding items related to the July 2021 and February 2022 request.
 - Agreed. KT

Thanks,

Kim
