\*\*\* EXTERNAL MESSAGE \*\*\*

Hi Josh,

A spreadsheet only holds 1 million records, and this data set well exceeds that limitation which is why it has been transferred to your organization in this format. To be clear, .csv is the standard industry format for large data extracts. Additionally, your previous request of a large volume data set was transferred on November 5, 2021 in this same format and it is presumed you were able to import and access those results per your confirmation email of that same date. This is the only way we transfer large volumes of data for importing into the program of your choice. Please consult your IT department for additional assistance on importing the data.

Thanks,

Kim

Hi Kim,

We were able to log in this morning. Can you please have the data produced in a "native" format, such as a spreadsheet?

Thanks for your help.

Hi,

I let our team know you are unable to access the records, but on our end we don't see any issues.

What browser and what type of OS are you using? Are you able to get to the point where you see the screens below? If not, at what point are you getting the error?

If we can't resolve via email, let me know if you are available for a Teams call with Systems and they will walk you through it while you share your screen.

Thanks,

Kim

Hi Kim,

We're getting an "object not found" response after entering the login credentials. Please ask your team to check the link.

Sorry about that.

\*\*\* EXTERNAL MESSAGE \*\*\*

Hello,

The data results have been uploaded and are available for you to access at this time. An email message was sent to [praresponse@braunhagey.com](mailto:praresponse@braunhagey.com) with the login credentials, including a new password. As mentioned, the username for the account is ACLUNorthern. The results will be available until 12/14/2022. Please confirm that you have retrieved the data.

Kim

**Subject:** ACLU of No. Cal - Request to Reset Account Info to Access Data

Good morning,

Can you please reset/resend the account and password info for the February 2022 data request by the close of business today. The data was originally available in April 2022.

Also, the email that should be used is [praresponse@braunhagey.com](mailto:praresponse@braunhagey.com) (listed above). Please also change the username from Ellen Leonida to ACLUNorthern so there are no issues with them locating the info.

Thanks,

Kim
