**Re: Public Records Act Request (Government Code §7920.000, et.seq.)  
ACLU Requesting Records Relevant to the Implementation of RJA**

Dear Mr. DeClark:

Pursuant to our recent discussions I am including a number of records that are responsive to your Public Records Act Request of February 18, 2022. I thank you for your courtesy and cooperation throughout this process.

Attached to the letter please find a series of reports run by the District Attorney's Office using their case management system. I recognize that this report may need some level of discussion to ensure that the content addresses your request. Please note that while reviewing the reports with the District Attorney's Office to ensure completeness, we discovered that there may be additional information available in the system covering enhancements, as requested in Section 7 (c) and 7 (d). The District Attorney's office is re-running that report to capture that information. I anticipate that the new report will look like this report with the exception that it will at that time include the field of enhancements. The assigned attorney at the District Attorney's office and I will be unavailable to review the new report until February 6, 2023. Accordingly, it is anticipated that I will have the updated report on February 10.

I believe that the newly completed report will be the County's records responsive to your request. If you believe that not to be the case, I welcome the opportunity to discuss that with you. I again thank you for your courtesy and cooperation in this matter.

Sincerely,

Forrest W. Hansen
