Alice Su and Matt Chen, Electronic Intercept Court Ordered System (EICOS) presenters:

Alice Su and Matt Chen are Deputy Attorney Generals with the California Department of Justice, Attorney General's Office, specializing in state and federal trial and appellate issues in both criminal and civil courts. They are assigned to the Criminal Appeals, Writs, and Trials Division of the Sacramento office.

Alice Su has been the statewide coordinator for the EICOS system since 2011, with Matt having joined the program in 2017. Together, they ensure that the mandated reporting requirements are met in each of the 58 counties pursuant to Penal Code section 629.62. This information is compiled into an annual report that is submitted to the state Legislature and Judicial Council, the Director of the Administrative Office of the United States Court, and released to the public. Alice and Matt routinely field questions from law enforcement and prosecutors about legal issues pertaining to electronic intercepts and review appellate issues dealing with concerns with intercept statute interpretation. They also work closely with the DOJ Advanced Training Center to ensure the Police Officer Standards and Training (POST) standards are uniformly met by all instructors in the Electronic Intercept class.
